IL5 Series
lecterns

features:

- Frame to Furniture™ design complements an integrator's installation workflow

- Steel frame ships assembled and ready to integrate in the shop or on-site

- Open frame design includes built-in power and provisions for cable and thermal management

- Available in 3 widths

- Unique design allows panels to be replaced quickly and easily

- Panels available in Sota and Klasik styles

- Standard finishes available in Veneer, High Pressure Laminate and Thermolaminate materials

IL5-SFK-43T with
FIN-MP (Maple)

specifications:

EIA Compliant 19" A/V Lectern shall be Middle Atlantic Products model # IL5-__-_ (refer to chart). A/V Lectern shall be available in 23", 33", or 43" widths, with 1 or 2 rack bays and a storage area, depending on model (refer to chart). Overall dimensions shall be __" H x__W" x 28-3/8" D (refer to chart). Usable height shall be 12 rackspaces per bay. A/V Lectern frames shall ship fully assembled and be constructed of steel. Total weight capacity with Middle Atlantic finishing kit shall be ___ lbs. (refer to chart) Each rack bay shall come equipped with 1 pair of 11-gauge steel rackrail tapped with 10-32 mounting holes in universal EIA spacing, black e-coat finish and numbered rackspaces. A/V Lectern shall have a slide-out keyboard shelf, __" W x 2.25" H x 12.06" D. A/V Lectern shall have a side with a useable area of 20.93" W x 7.49" H x 7.56" D. Models with turret shall have customizable Presenter's Panel, which can accept touchscreens and other panel mounted devices with an overall size of __"H x __"W x __8.31" D (refer to chart). A/V Lectern shall have venting on the top. A/V Lectern shall be finished in a durable black powder coat. Finishing kit shall ship separately from rack, be available in a Sota or Klasik style and be model # L5-__K-__ (refer to chart), and secured to the Lectern. Top, sides and front doors shall be available in Veneer, High Pressure Laminate and Thermolaminate materials, visit middleatlantic.com for list of available finishes. A/V Lectern rack shall include 4 fine floor casters. A/V Lectern rack shall be GREENGUARD Gold Certified with the exception of Veneer fishes, which shall be GREENGUARD Certified. A/V Lectern rack shall comply with the requirements of RoHS EU Directive 2002/95/EC. A/V Lectern rack shall be manufactured by an ISO 9001 and ISO 14001 registered company. A/V Lectern frame shall be warranted to be free from defects in material or workmanship under normal use and conditions for the lifetime of the rack.
