### Neomounts DS20-425BL1 full motion desk mount for 11,6-17,3" laptops - Black

The Neomounts DS20-425BL1 NEXT Lite is a full motion desk mount for laptops up to 17,3" with a maximum weight capacity of 5 kg. The versatile tilt (120°), rotate (360°) and swivel (180°) technology allows you to adjust the mount to the optimal height and viewing angle for your laptop. Additionally, the mount has manual height and depth adjustment to create the perfect working position.

Due to the short T-Rex® upper arm of the NEXT Lite, only minimal depth is required when placed near a wall or separation panel. This allows the screen to be positioned further away from the user which is better for the eyes and also leaves more space for good ergonomic working posture. The smart internal cable management system ensures orderly routing of the cables. The DS20-425BL1 is equipped with an Easy-release VESA system for easy installation and comes with both desk clamp and grommet.

The packaging of the NEXT Lite is 100% plastic free and entirely made from cardboard and paper.
