

## Product information "8 m instrument cable - 6.3 mm jack mono with True Mold technology"

High quality and flexible instrument cable with True Mold technology

Connector side A: **EnovaNxt 1/4" jack 2 pin**

Connector side B: **EnovaNxt 1/4" jack 2 pin**

Cable length: **8 meters**

 **EnovaNxt**

### Features & Benefits

- Excellent sound transmission thanks to high-quality components
- 360° metal strain relief, reducing the strain on the soldering contacts
- Design for harsh on-stage applications for a long-lasting use
- Bending protection for a smooth cable exit at the connector end
- Moisture protection thanks to True Mold technology
- Individual connector parts and cable merge into a fully integrated product

<b>Brand:</b>	EnovaNxt
<b>Series:</b>	I1
<b>Version (Plug / Chassis):</b>	Cable Version
<b>Connector type:</b>	1/4 Jack, 1/4 Jack 2 pol
<b>Cable type:</b>	1/4" Plug - 1/4" Plug
<b>Number of contacts:</b>	2
<b>Gender (M / F):</b>	Male plug
<b>Connector housing color:</b>	Black
<b>Cable surface color:</b>	Black
<b>Cable length:</b>	8 Meter
<b>Cable diameter:</b>	Ø 5.9 mm
<b>Wire size:</b>	Ø 24 AWG 0.22 mm
<b>Wiring mode:</b>	Solder contact
<b>Material connector housing:</b>	ZnAl4Cu1 Overmold
<b>Material contact:</b>	PA66
<b>ROHS according to EN62321-1:</b>	Yes
<b>Country of origin:</b>	EU
<b>Operating voltage (VAC.RMS):</b>	< 50 V
<b>max. Rated current (A):</b>	depending on mating connector
<b>POS packaging:</b>	Yes
<b>Applications:</b>	Bass player, DJ, Guitar player, Keyboard player

***The cable is intended to use for Microphone applications only, with or without phantom power!***
