

# Cat 6 Extension Cable

( 1, 2, 3, 5, 10, 15, 20 m )

- ATEN Cat 6 Extension Cable with gold-plated RJ-45 connectors provides superior transmission of data. Our unshielded twisted pair design offers thin, flexible, and reliable connectivity in lengths of 1 to 20 meters.

## Features

- Unshielded twisted pair design provides thin, flexible, and reliable connectivity
- Gold-plated connectors ensure high quality and reliable transmissions along with improved corrosion-resistance
- Available in lengths from 1 to 20 m
- 24 AWG Conductor for high-speed network connections
- Ideal for ATEN extender solutions

## Specifications

### Physical Properties

Cable Length	1 m, 2 m, 3 m, 5 m, 10 m, 15 m, 20 m
Cable Color	Grey
Cable Outer Dimension	6.3 + - 0.2 mm
Conductor Gauge	24 AWG
Conductor Material	Copper Clad Aluminum
Connector Plating	Copper Alloy Plated with Gold
Connector Type	RJ-45 Male to Male
Cable Jacket Type	PVC
Wiring Standard	TIA / EIA 568B.2

### Environmental

Operating Temperature	60° C
Rating	UL, CSA
